your work with EXCELLENCE

We read in the ancient story that "Daniel so distinguished himself... because an excellent spirit was in him and the King planned to appoint him to oversee the whole kingdom".

Why do some people get promoted and others don't? Why do some people rank up to Executive Directors so much faster than others?

Excellence Makes the Difference

Our work is a self-portrait of ourselves. Some people do the minimum to get by and are stuck at mediocrity. Some work at being competent and meet standards of effectiveness. Only a few strive for excellence and be the best they can be. I was at a recognition rally recently and was privileged to recognize a 5-Star Director who has only been in the business for a short while. Her secret? She spends time attending all training sessions and mastering the knowledge and skills needed to help her succeed. She chose to go the extra mile and continuously seek to improve.

Excellence Enhances Influence

Like Daniel, when someone distinguished herself in her work, she becomes promotable. First of all, because of their spirit of excellence their supervisor or upline trust them. Their capability opens the door to grow in capacities, to take on more and move up the next level of authority and responsibility. To rank up and be in a position to mentor and help others succeed. Excellence begets excellence.

Excellence Brings Affluence

We are excited at the upcoming Jubilee to parade our Millionaires income earners. These are leaders who have committed to excellence. They are constantly asking questions like "How can we make this better?", "How can we do this more effectively and efficiently?"

Excellence means being better tomorrow than we were yesterday, in all areas. That is why as a company, another of our Core Values is "Excellence" expressed as follows:

"We are committed to developing innovative opportunities, product solutions and services of the highest standards and pursue continuous improvement in all value-added areas".

Our aim is a Culture and Lifestyle of Excellence.

Be Your Own Boss

Both Ping Ping and Brandon came from a middle-income family, having born and raised in Miri, Sarawak. As the two of them are also the youngest child in the family, they faced difficulties in gaining support from their families when they wanted to start a business of their own. To their families, having a stable job with fixed income was all that mattered. But their daily lives soon became mundane as there were no goals nor hope to get out of the rat race. They finally found something which they could build and proudly call their own when they joined the Tupperware Brands Business.

Q: We heard that you, Ping Ping were a legal clerk and Brandon used to run a cold storage supply company before joining Tupperware Brands. How did you become a Consultant?

A: Back when I was working as a legal clerk, I had a stable job but did not earn enough to make ends meet. To Brandon, whatever salary I was taking home was not significant enough (I was earning about RM1500), hence he had asked me on many occasions to quit my job and pursue something which I'm passionate about. I went around looking for something worthwhile for me to venture in and we stumbled upon a recruiting rally and were inspired by a lady who introduced us to the business opportunities in Tupperware Brands. There's no turning back since.

Q: How long did it take for your business to take off? Are you making more money with Tupperware Brands than you did in your previous job?

A: With proper guidance from our upline and support from everyone in Tupperware Brands, we managed to progress from mere consultants to the position of Associate Executive Directors (AED) and even opening our own Business Centre in less than a year. In fact, it gets even more interesting when Tupperware Brands rewarded our hard work with a free Toyota car and free petrol allowance! We love the extra perk of being able to travel for free too!

Q: You're based in East Malaysia, how and what did you do to expand the market and build brand awareness for your business?

A: Since the market for the brand in this region was new to start with, we had to put in a lot of effort by organizing recruiting roadshows and rallies, every single day. To build more network and contacts, we organised lots of home parties to boost awareness and create lasting impressions.

Q: Brandon, how has joining Tupperware Brands changed your life?

A: Things definitely changed for the better! Thanks to Tupperware Brands, we no longer have to worry about 'tightening our belts up a notch' just to make ends meet like how we used to with our fixed, low incomes. We can now comfortably buy a house of our own, get the car of our dream, and seize the opportunity from the company's entrepreneurship training to travel around the world, broadening our horizons. My wife can also shop without looking at the price tags these days. Personally, this business has given us a common topic to share and discuss, and this has greatly improved our marriage life too!

Q: How would you encourage somebody who does not have the education to run a business?

A: Firstly, we'd advise the individual in question whether he/she is willing to accept and make changes in the pursuit of self-improvement. After that, we would recommend him/her to attend our workshops in The Confidence Program that caters towards guiding beginners on how to build the business step-by-step. We aim to inspire and build our people.

Q: What are your future plans?

A: We would like to assist our fellow downlines to start their own business and have their first, viable, performance-oriented income. Personally, we are planning to earn the title of Presidential Director in the near future, and continue to travel and discover more places around the world.

KEY
FOCUS
Vision
& Values**

Every little girl at some point in time dreams of being a princess and every little boy has a dream of one day doing something great. As we age, our dreams seem to disappear in the fabric of our busy lives. We give up on our dreams and we stop dreaming. Our dreams are buried forever.

But every now and then snippets of our dreams creep into our mind, reminding us that we still have the same dream! The question is, how badly do you want to make that dream a reality?

To realise our dreams, we must have the means in terms of wealth, confidence and social network. Having a business with Tupperware Brands offers you that special opportunity to live the life you imagined.

Increase your wealth

Tupperware Brands helped many housewives who in the past before they joined Tupperware Brands, spent most part of their days watching TV dramas, waiting for their husbands to provide for them, are now earning their own 4 to 5 figure income and contributing to the household income, enriching her own life and that of her loved ones too.

Ian Tan, a Gen Y, who is one of our Executive Directors, decided that he did not want a conventional job, pursued his dreams with Tupperware Brands. Now at the young age of 24, he drives a brand new CRV sponsored by Tupperware Brands, and he has just bought his first home.

In comparison, many Gen Y are still relying on parental support. But Ian has realised his dreams of owning a luxury car and a house at such a young age.

Tupperware Brands offers the below programs to help our leaders make millions of dollars:

1. Our Success Formula
2. Our Confidence Training Program
3. Our Marketing Plan
4. Our trusted and high quality products

In fact, we helped 20 Malaysians become millionaires in less than 5 years!

Increase your self-confidence

Confidence influences success. So how confident are you that your chosen path is indeed the best for you. There are a few hundred quotes on "confidence" and many books written on how to increase your confidence. What is your confidence level – fair, building up, steady, strong or invincible?

With Tupperware Brands, one of our core values is to nurture, coach and develop our Consultants and Directors and help our sales force to realise the potential that they have. Through our Confidence Training & Yes You Can programs we want to "Educate", "Enlighten" and "Empower" people to enrich themselves. Norlia Ismail, another of our Executive Director, use to fear public speaking, but at a recent Tupperware Recognition Rally she emceed the event with close to a thousand audience

Increase your social network

In all successful business one critical element is a strong social network supporting the business. In Tupperware Brands, you build your own business, but you are never alone. We work on a simple philosophy created by Brownie Wise - "Build the people and the people will build your business". When you build people you are building a strong social network of friends.

One of the very frequent comments from our Tupperware Directors is that they have made so many new friends in this business and some to them will go on to become life-long friends.

Don't give up on your **Dreams**

For sure we will face obstacles in pursuing our goals and our dreams. Sometimes the obstacles may be just minor humps and sometimes they may appear to be mountains. We could be on the right track, but may have taken the wrong approach.

Before you throw in the towel, or say I quit, consider these FIVE points.

- 1 **Will you regret if you give up?**
Imagine your life 3 years, 5 years or 10 years from now if you give up on your dreams now. Do you want to be thinking and regretting of what could have been and wondering what if's. Let the fear of regret give you the strength to push on.
- 2 **Are you doing it the right way?**
Maybe you are taking the path to follow your dream, but yet you are not seeing the success you think you should have received by the efforts you have put in so far. Ask yourself what went wrong. Re-strategize, seek help and don't give up.
- 3 **Tough times don't last, but tough people do**
So the saying goes, when the going gets tough, the tough gets going. Here is a fact, nothing is permanent – tough times they do not last, but tough people do. Be one of those who won't give up. Problem comes and problem goes. You will stand strong after.
- 4 **Success is just around the corner**
Learning from the story of Tortoise and the Hare, as long as you do not give up, success is just around the corner.
- 5 **Imagine how you will feel when you live the life of your dreams.**
When you are living your dream life, what more can you ask for? Never give up on your dreams.

CONGRATULATIONS!

“HARD WORK AND COMMITMENT LEADS TO SUCCESSFUL LIFESTYLE”

Neo Swee Rose, AED

Before joining Nutrimetics in 1988, I was working as a Staff Nurse. Working in a government hospital can be stressful especially working on standby shift and on call duties.

Life has changed after joining Nutrimetics. I enjoyed going for holidays to different countries and recognized as Muar's Nutrimetics Business Centre. When Nutrimetics was absorbed into Tupperware Brands Business network, it took us by surprise. I was concern about the changes but my husband assured me that the changes will be for the better.

It took a lot of hard work, commitment and faith to be where I am today and never gave up when times were tough. This is a proven business model and a life changing opportunity for those who want to fulfill their dreams of living a successful lifestyle.

“TEAM POWER” MEMBERI SEMANGAT UNTUK BERJAYA”

Noor Hisyam Razali, AED

Bertugas sebagai seorang pensyarah perniagaan, saya telah memanfaatkan ilmu dan mempraktikkan teori perniagaan didalam membina rangkaian downline dalam konsep satu keluarga. Berpegang pada cogan kata “TEAM POWER”, saya menjalankan pelbagai aktiviti bersama downline seperti mengadakan Party, Roadshow, Unit Meeting dan hari keluarga yang mana dengan cara ini dapat menduplikasi strategi perniagaan Tupperware kepada semua downline saya.

Dalam masa kurang 2 tahun, saya mampu untuk meletakkan diri saya sebagai seorang AED (Associate Executive Director). Saya juga telah berjaya mencapai semua challenge yang telah dibuat oleh Tupperware Brands seperti Trip Melancong Ke Beijing, Indonesia dan Korea, menyertai Star Boot Camp serta mendapat insentif bonus yang menarik. Tiada yang mustahil untuk seorang LELAKI menjadi seorang JUARA didalam perniagaan yang rata-rata dimonopoli oleh golongan wanita. Yang penting adalah interaksi dan hubungan yang baik, sikap untuk berdikari dan keinginan untuk BERJAYA adalah rahsia kejayaan saya didalam Bisness Tupperware ini. Sesungguhnya, Tupperware Brands Malaysia telah mengubah hidup saya dengan memberi pendapatan yang mencecah 5 angka dan ia memberikan saya kesempurnaan kehidupan yang lebih bermakna.

“TUPPERWARE BRANDS 让我经济独立”

Sim Siew Hong, AED

在一个偶然的机会下我认识了Tupperware Brands。之后，我不但爱上它的产品，并在1997年加入成为商业伙伴。一开始我只是享用产品，最重要的是Tupperware Brands是世界著名品牌之一，它让消费者安全使用，附带终身保证。经思考后，觉得这是一门值得积极投入的事业，没想到竟成为我人生的转折点。我学习独立，学识更广，而且生活变得多姿多彩，认识了一群志同道合的朋友。多参与事业中心的各项活动和培训会，不但能提升自我，也能让我跟伙伴们有机会聚集在一起，讨论如何更有效的提高销售量和保养成绩。慢慢的，我的月收入提升了。这使我在花费方面，有了自主权。这门事业也给了我许多出国旅游的机会。我很感激在背后默默支持我的家人。谢谢你们！

“USAHA GIGIH BOLEH MENCAPAI KEJAYAAN”

Kasni Binti Asi, 5SD

Saya merupakan suri rumah sepenuh masa. Berasal dari Sarawak merantau jauh sehingga ke Melaka dan mendirikan rumahtangga di sini.

Saya mendaftar sebagai Tupperware consultant pada 11.1.2011 dan naik ke tahap 3SD dalam masa kurang setahun. Dengan usaha, saya berjaya naik ke tahap 5SD pada tahun berikutnya. Ini adalah satu pencapaian yang besar bagi saya.

Melalui Tupperware Brands, ia memberikan peluang untuk saya menjana pendapatan dan mendapat ramai kenalan di seluruh Malaysia. Malahan saya berpeluang untuk melancong ke luar negara dan mendapat banyak hadiah daripada Tupperware Brands.

Tupperware Brands telah memberikan saya inspirasi and kekuatan untuk mencapai segala yang ingin saya capai.

with
Tupperware Brands!

Tupperware Brands recently collaborated with Sin Chew Daily to drive eco initiatives in primary schools. Named **REUSE, REDUCE**, this campaign was kicked off in April and ending in June.

Together with Sin Chew Daily, Tupperware Brands headed to 12 Chinese primary schools nationwide to educate the students about their roles and the importance of protecting and preserving the environment. Through this program, we hope to cultivate a habit of **"BYO- Bring Your Own"** to the children in their early age.

During this campaign, lots of activities were planned out, an educational yet entertaining eco puppet show highlighting eco messages and eco board to educate environmental issues. A special appearance of our **Eco Bottle mascot** was present to entertain the students at the school.

As a starter, Tupperware Brands promoted to the students their first **Eco Starter Kit**. Selling at **RM15 nett** to the students, each pack will consists of an **Eco Bottle 500ml, Square Round 500ml and a recyclable lunch bag.**

What we do today matters tomorrow. Let us all **"Reuse"** to **"Reduce"** excess waste for a sustainable environment!

Flawless White, *Beautiful Skin*

For most Asian women, having fair skin is the equivalent to having beautiful skin. It is only natural that every woman desires for flawlessly white, beautiful skin. Unfortunately, in our hot tropical weather, our skin is constantly exposed to the sun leaving it vulnerable to sun damage. It is therefore important to use cosmetic products that protect our skin from harmful UV rays, prevent moisture loss as well as restoring the brightness and youthfulness of our skin.

Prestige White 2 Way Face Cake

This velvety finish face powder with ultra-fine texture provides naturally smooth and flawless coverage. Enriched with pearl powder, squalene, chamomilla flower and SPF 30, this advance formulation effectively covers lines and imperfections. It also helps to brighten, moisturize and protect the skin from harmful UV rays. Can be used wet or dry.

Prestige White Loose Powder

This silky fine and lightweight loose powder evens out skin tone, giving it a naturally radiant color. The special blend of squalene, Miracle White Complex, macadamia oil and Vitamin E helps to brighten, rejuvenate skin and prevent moisture loss.

Natural Skin Lightening and Protective ingredients

- Pearl powder**
 This anti-ageing product helps to improve the complexion, resulting in softer skin and a more youthful and fairer appearance.
- Squalene**
 Squalene has emollient properties that soften skin and plays an important role in the repair of damaged skin. It adds a layer of oil on the skin to help prevent moisture loss, reducing wrinkles and fine lines.
- Chamomile (Chamomilla recutita) Flower extract**
 Chamomile can improve skin's texture and elasticity, as well as reduce signs of photo-damage by the sun.
- Macadamia oil**
 Macadamia oil has an extremely high concentration of Omega 7 acid, which is our body's own natural moisturizer.
